

Brooklinema.gov won the prestigious 2010 E-Government Award with Distinction from the Massachusetts Campaign for Open Government. Selectmen Nancy Daly and Web Developer Ben Vivante accepted the award from Common Cause at an awards ceremony at the State House on 3/16/2010.

Municipalities who post their governing body's minutes and an agenda, their budget, their bylaws, and, if applicable, their town meeting warrant and results receive the 2010 e-Government.

Brookline also posted a year's archive of minutes and agendas, calendar, zoning bylaws, school committee's minutes and agenda, and the minutes and agenda for other boards/committees which allowed it to win the Award with Distinction, a special category for Municipalities that go above and beyond the requirements for the regular award.
